

CIMC CALIFORNIA COMPLETE COUNT CENSUS 2020 PROJECT

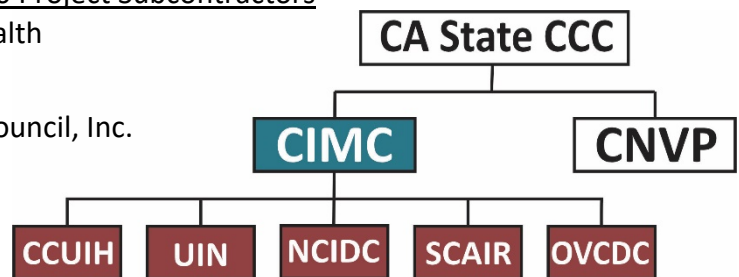

In an effort to dedicate targeted funding and resources toward statewide outreach to hard-to-count Native American and tribal communities in California, the California Complete Count Census 2020 Office awarded funding to two Native American community-based organization: **California Indian Manpower Consortium, Inc. (CIMC)** and **California Native Vote Project (CNVP)**.

Through a partnership with its subcontractors, and collaboration with a number of California tribes, CIMC will achieve the key objectives to **Educate**, **Motivate** and **Activate** Native Americans in California to respond to the decennial 2020 census. Each subcontract partner has an established statewide Native American network and an ongoing presence at Native community events and meetings. Each of the collaborating tribes exercises its sovereign rights and responsibilities to maintain their tribal lands and citizens’ wellbeing. Together we are committed to effectively promote the message of a complete count via internet self-response, telephone assistance, or paper questionnaire.
