WHO IS CIMC?

CIMC (California Indian Manpower Consortium, Inc.) is a non-profit organization that supports and assists American Indians, Alaska Natives and Native Hawaiians living in California. CIMC accomplishes this by offering vocational assessment and training, employment referrals and other activities that benefit the social welfare, educational and economic advancement of its member tribes, groups, organizations and the American Indian community as a whole.

CIMC was formally created in 1978 under state law and is owned and operated by Native Americans. CIMC is the bridge to linking the gap between California business and its Native American resources. With seven field offices strategically located throughout the State of California, and one in Chicago, Illinois, CIMC has proven to California businesses that Native Americans can be a reliable and effective part of the working community and they have also proven to the Indian communities that self-sufficiency and self-reliance are not just Indian dreams, but an Indian reality.
